

NT2 Dutch

NT2 Dutch as a Second Language (Engels)

Get the recognised state exam diploma!

In the Netherlands, you will only feel really at home if you can speak Dutch. It makes it easier for you to make friends with other people or to study at college or university, and looking for a job is much easier if you have a good command of Dutch. For those who want to learn Dutch or would like to improve their Dutch, the NT2 Dutch as a Second Language course is an excellent choice!

In the course, topical themes from daily life are discussed. Subjects such as doing the shopping, going to the doctor, booking a holiday, and looking for a job are all dealt with during the course. The course ends with a state examination at the relevant level. The course material includes intensive exam training with the help of sample exams.

The perfect preparation for the real exam!
